CAUTION TO THE PUBLIC. ASHER & Co., of Indianapolis, have brought out a small trashy book, iu cheap form, purporting to be my "Life, Speeches and Addresses," connected with my troubles among the Secessionists. This is a noous production, doing me great injustice, and by no means reporting me correctly, either as to my history or speeches since I came North. I am now preparing a genuine book of the kind, and will have it out in a few days, published by George W. Childs, of Philadelphia. APPLEGATE & Co., of Cincinnati, are the publishers for the West. I caution the public against the bogus concern, as I shall at once commence legal proceedings against all concerned in vending it, as well as the publisher.

PROSPECTUS

NASHVILLE UNION. THE NAMIVILLE UNION was commenced a few weeks ince, for the purpose of opposing the Rebei Southern Confederacy, and of advocating the restoration of Federal authority, without any abatement, over all the States which have attempted to secede. It holds an friends all who support, and as fees all who oppose the Union of the States. It has no watchword but

It contends for the Union of the States, because without it the preservation of our liberties and institutions and the organization of society itself are wholly impossible. Therefore, whatever stands in the way of crushing out the robollion and restoring the Union must perish, so matter by what came it be

To the people of Tennessee, ever renowned for their devotion to Liberty and Union, until they were betrayed to the rebel despotism at Richmond by a perions Governor and corrupt Legislature, and who have felt so heavily the awful curse of treason and anarchy, we appeal for support. Let the names of ebel office helders, Vigiliance Committees, and Minute Men, who have filled our borders with mourning, be gibbetted before the world. Let there ambitious and avaricious men who have plotted our ruin for their own aggrandizement be fastened to the pillory of oure all diseases of a private nature, no matter how bad they may be from injudicious medicial treatment, or from neglect of their own. Dr. King's likepensary is No 23 Deaderick street, between Cherry and the Square, econd story, where he cures all diseases of a private "Southern Rights" are now leading marauding bands of free-booters and moss-troopers over our State, kidnapping negroes, stealing horses and cattle, breaking into houses, burning radroad bridges and cars, and murdering unarmed citizens in cold blood. Let the truth, so long excluded by the Southern conspirators, now circulate freely through every neighborhood and our cause will assuredly triumph. Will not loyal men everywhere aid us in the dissemination of facts and the advocacy of Free Government?
